How to make an instant Zoom call (on the Zoom app)

1. To start your own instant zoom call you will need to have made a personal Zoom account
2. Once you're logged into your account on the Zoom app (not desktop), click the orange 'new meeting' button to start the call 
3. Click the start meeting button to take you to the video call panel
4. Once you have opened a meeting you can then proceed to invite people to the call by clicking the 'Participants' button 
5. Copy and send the invite link to people you wish to join.
